# 2005 Conference

November 8-10, 2005
Wenatchee Convention Center

The Funding Spigot

Dear Colleagues:

It is time once again for the Infrastructure Assistance Coordinating Council's conference. The conference will be in Wenatchee, from November 8th through November 10th.

This year's theme is "The Funding Spigot". While the image of flowing water is a pleasant one, as you know we are facing a drought in portions of the state this year and the water isn't flowing as it normally does. The drought can be extended to portions of the state and federal infrastructure financing as well. Some of the programs that you have come to know and love have a little less available this year and possibly in the coming years as well. Other priorities at both the state and federal levels have resulted in a reduction of resources for several programs.

I hope that you are able to come to Wenatchee and find out where the money is flowing and how to turn on the tap to make your upcoming projects a success.

Bill Cole
Conference Coordinator

(For those of you available on November 7th and willing to take part in a very covert operation to ensure that John LaRocque attends this year's conference, let me know. I have the tape, rope and vehicle all lined up. Otherwise we won't have the pleasure of seeing him dance at this year's Social Event.)

2005 IACC Conference

Conference Registration:

Registrations are due by October 31, 2005.
Registrations and payments received prior to the conference, $135 per person. Onsite registration will be $185. (Credit/Debit Cards are not accepted)

Registration includes:

• 2 Continental Breakfasts
• 3 Buffet Lunches
• 2 Beverage/Snack Breaks
• Social Event
• Conference Material
• Access to in-depth project specific technical assistance
• Free and low-cost computer software and training

Make Check or money order payable to:
"IACC Conference 2005"

Mail Registration, Tech Team Request and fee to:

Cathy Brockmann
C/O Public Works Board
PO Box 48319
Olympia, WA 98504-8319

Refund and Cancellation Policy:

Request for refunds, minus a $25 processing fee must be received in writing by November 3, 2005. No refunds will be made after that date.

Special Accommodations:

Individuals requiring special accommodations may request written material in alternate format, sign language interpreters, physical accessibility accommodations, or other reasonable accommodations by contacting Jacquie Andresen, at (360) 586-4123 by October 15, 2005.

Wenatchee Hotel Information:

Conference participants are responsible for making their hotel reservations. Rooms have been blocked at the Coast Wenatchee Center Hotel. Call to arrange for your stay and identify yourself as a participant of the IACC Conference to receive the special conference rates.

When: November 8-10,2005
Where: Coast Wenatchee Center Hotel
201 N. Wenatchee Avenue
Room Rate: $60 per night
Reservations: (800) 663-1144 or (509) 662-1234

Other hotels nearby with a rate of around $60 per night:

Comfort Inn (800) 228-5150 or (509) 662-1700
Red Lion (800) 733-5466 or (509) 663-0711
Holiday Inn Express (800) 465-4329 or (509) 663-6355
LaQuinta Inn & Suites (509) 664-6565

Scholarships:

A limited number of scholarships will be available to conference attendees based on need, and on a first-come-first-serve basis. Scholarships will be for $85 and are limited to one per organization or community. For more information or to apply for a scholarship, contact Janice Roderick at: (360) 725-3013.

Information and Vendor Tables

Many will be attending the conference who are looking for technical and financial assistance for infrastructure projects. A limited number of tables are available for $400 for non-members, and $250 for members. This includes one table for three days, and one full registration. For more information, or to reserve a table, contact Bill Cole at: (360) 586-4125.

Sponsors

The IACC has been able to maintain a low conference registration fee for local governments with the support of participants like yourself. If you would be interested in being a conference sponsor, please contact Bill Cole at: (360) 586-4125.

Conference Schedule:

Please Note:

Conference starts at lunch, at 11:30 am on Tuesday the 8th, with our Keynote speaker, Stan Finkelstein, Executive Director, AWC

Tuesday:
Individual Pre Registered Tech Teams 7:30 am-11:00 am
Lunch and Keynote Speaker: 11:30 am - 1:00 pm
Training Sessions: 1:00 pm - 4:40 pm

Wednesday:
Training Sessions: 8:00 am - 11:40 am
Lunch: 11:45 am - 1:00 pm
Program Sessions: 1:00 pm - 4:40 pm
Social Event - Dancing with local DJ: 6:30 pm - 10:00 pm

Thursday:
Program Sessions: 8:00 am - 11:40 am
Lunch: 11:45 am - 1:00 pm

Funding and Permit Assistance Tech Teams

A panel of staff from a variety of federal and state programs will join you to discuss an infrastructure problem that your community is facing. Their job is to help you frame the problem clearly, explore possible solutions, identify key regulatory planning and financing programs that should be involved, and answer as many questions as possible. This year we will also have staff available from the Office of Regulatory Assistance to help with any permitting questions you may have. The sessions generally take 90 minutes. They are intense, action oriented, and enlightening.

To request a Tech Team, fill out the form in the back of this brochure. Requests will be considered on a first come, first serve basis. Due to the high demand, limited time slots, and limited program staff availability, communities that have not had a Tech Team at recent IACC Conferences will have priority for selection. Requests must be received no later than October 14, 2005.

The Conference Opening Session starts with lunch at 11:30 am on Tuesday the 8th.

Come and listen to Stan Finkelstein, Executive Director, AWC

Trainings At A Glance

Training Sessions **Tuesday, November 8, 2005** **1:00 pm - 4:40 pm**						
1:00-2:00	T1 Asset Management (two hour session)	T2 How to Pull Together Complicated Funding Packages	T3 LINAS Local Infrastructure Needs Assessment System	T4 Value Analysis/Value Engineering (two hour session)	T5 Small City Preservation and Sidewalk Program	
2:20 - 3:20		T6 Writing a Compelling Grant Request for your Water or Wastewater Project	T7 Project Lessons Learned		T8 Ecology & USDA Engineering	
3:40 - 4:40	T9 Capital Facilities Planning Template: A Tool to Develop Capital Facilities Plans	T10 Community Centers: How to Plan and Fund Them	T11 Economic Development & Growth Management	T12 Benefits & Cost Savings of Green Infrastructure	T13 Predictive Model for Finding Archaeological Sites	
Training Sessions **Wednesday, November 9, 2005** **8:00 am - 11:40 am**						
8:00 - 9:00	T14 Local Planning "A Short Course" (three hour session)	T15 Grants/Loans Best Practices (two hour session)	T16 Selecting Consultant Services	T17 Water System Rate Setting with "Rate Checkup" Software (two hour session)	T18 Get In Control: Utilizing Public-Private Partnerships to Manage Water Infrastructure Challenges	T19 Construction Management For Public Agencies
9:20 - 10:20			T20 Mediating Disputes at City Hall		T21 Section 106 Requirements of the National Historic Preservation Act	
10:40 - 11:40		T22 Foundation Funding	T23 Helpful Tools for Navigating Through the Environmental Permit Process	T24 Web-Based Capital Project Management	T25 Section 106 Requirements of the National Historic Preservation Act (Repeat Session)	T26 "Vulnerability Assessment & Emergency Response Plan Tools"

Training Sessions
Tuesday, November 8, 2005, 1:00 pm - 4:40 pm -- Wednesday, November 9, 2005, 8:00 am - 11:40 am

T1 - Asset Management

Presenter: Skip Rand, RCAC
(Two Hour Session)

Asset management is a planning and operational process where assets are properly maintained and future needs are planned and financed. The presentation will explain the current requirements for such planning and also demonstrate a free spreadsheet tool which can compute the minimum amount of financial contribution to reserve funds necessary to meeting future needs.

T2 - How to Pull Together Complicated Funding Packages

Presenter: Cathi Read, CTED, and Panel

Lessons learned by funding staff and community leaders who have completed a water or wastewater system improvement project using more than one government funding source.

T3 - Local Infrastructure Needs Assessment System (LINAS)

Presenter: Bill Cole, Public Works Board

Get an update on LINAS and learn how you can help demonstrate your infrastructure needs to the Legislature and the public.

T4 - Value Analysis / Value Engineering

Presenter: Bob Rude
(Two Hour Session)

This session will introduce the value engineering process and the concept of "best value" with an integrated discussion of the benefits that can be achieved from using the process and specific tools for how to get started on your own program.

T5 - Small City Preservation and Sidewalk Program

Presenter: Bob Moorhead, TIB

Requirements of the new Small City Preservation and Sidewalk Program funded by the 2005 Legislature.

T6 - Writing a Compelling Grant Request for your Water or Wastewater Project

Presenters: Cathi Read, CTED

The competition for grant funding is getting tougher, with less grant funding available each year for water and wastewater projects, so it is important to provide information in your grant request that demonstrates why your community needs a grant.

T7 - Project Lessons Learned

Presenter: Jason Lovett, Indian Health Services

A tribe will present a project of interest completed in Indian Country and then hold a round table question and answer discussion.

T8 - Ecology & USDA Engineering

Presenters: Dave Dunnell-USDA, Richard Koch, and David Dunn, DOE

Agencies working together to make your life easier in the engineering world.

T9 - Capital Facilities Planning Template: A Tool to Develop Capital Facilities Plans

Presenter: Leonard Bauer, CTED, and local government officials

The template is a tool to help you develop a capital facilities plan (CFP) for your jurisdiction, it uses goals and policies from your comprehensive plan to guide CFP development to rating and ranking of the projects across programs to production of a formatted CFP document that includes presentation graphics.

T10 - Community Centers: How to Plan and Fund Them

Presenters: Paul Johnson, USDA RD, and Kaaren Roe, CTED

This session will review the planning process and some resources for establishing a community facility, such as a community center, daycare facility or youth recreation hall, in your rural area.

T11 - Economic Development and Growth Management

Presenter: Karin Berkholtz, CTED

This session will introduce the new guidebook and describe how local governments can integrate growth management and economic development planning.

T12 - Benefits & Cost Savings of Green
      Infrastructure

Presenter: Ben Thompson, DNR

Research shows green infrastructure saves money, reduces stormwater treatment costs, decreases energy costs, increases property values, and boosts sales.

T13 - Predictive Model for Finding
      Archaeological Sites

Presenter: Russell Holter, DAHP

Using modern technology to demonstrate the probability of finding archaeological sites in planned development areas.

T14 - Local Planning "A Short Course"

Presenter: Ted Gage, CTED
(Three Hour Session)

This session covers the legal basis of planning in Washington State, an overview of the requirements of comprehensive planning and plan implementation under the Growth Management Act, and provides tips for holding effective meetings and hearings.

T15 - Grants/Loans - Best Practices

Presenter: Dave Zevenbergen, WSDOT, and Panel

Presentation on some practical steps to take, help you find the dollars you need, cover a wide variety of funding opportunities and share successful grants and projects.

T16 - Selecting Consultant Services

Presenter: Joe Mitschelen, RCAC, and Janice Roderick, CTED

What kind of project are you doing? Is it straight forward or is it more complicated? Are there unique aspects? This session will give you tips on how to select the right consultant for your project.

T17 - Water System Rate Setting -
      "Rate Checkup" Software

Presenter: Bill Jaroki, EPA Finance Center, Boise State University

Workshop participants will learn about and receive a copy of the Environmental Finance Center's "push button" full-cost funding rate setting model for water systems.

T18 - Get In Control: Utilizing Public-
      Private Partnerships to Manage
      Water Infrastructure Challenges

Presenters: Erin Anderson, City of Cle Elum, Sean Haghighi, Veolia Water

Session is designed to provide attendees a framework of how to develop successful public-private partnerships for water and/or wastewater facilities. It will outline the fundamentals of a winning partnership and key elements for RFPs and will also outline recent changes enacted this legislative session and their effects on you.

T19 - Construction Management
      For Public Agencies

Presenters: Sheri Smith and Thanh Jeffers, City of Olympia, Public Works Department

Session will provide a how-to guide in setting up project files, obtaining and maintaining required documents through the life of a project, final inspection, and project close-out. As a result, this will lead to a successful audit from H&LP and ensure the ability to obtain and retain CA Status. Session will continue with a how-to-guide of construction administration and address many of the construction issues such as bidding process, right of way, contract, performance bond, etc. Sheri Smith will share her experience with administering the construction documentation process for Olympia's largest project, the Olympia Gateway corridor - 4th Avenue Bridge Replacement.

T20 - Mediating Disputes at City Hall

Presenter: Cynthia Stewart, NWSC

This session will describe how to use information, standards, stakeholder interests, and options analysis to resolve conflicts over proposed or ongoing public works projects.

T21 - Section 106 - Requirements of the
      National Historic Preservation Act

Presenters: Russell Holter, DAHP

Professionals with projects funded or permitted by a Federal agency that have the potential to affect historic properties should take this class either for orientation or as a refresher.

T22 - Foundation Funding

Presenter: George Sharp, CTED

You will learn the process of identifying foundation funding sources, strategies for developing the best proposal, as well as case studies of successful and declined grants from Northwest communities.

T23 - Helpful Tools for Navigating Through The Environmental Permit Process

Presenter: Sally Toteff, ORA

This session offers participants a new tool box for navigating through environmental permitting and explains how the Office of Regulatory Assistance (ORA) can help de-mystify the permit process.

T24 - Web-Based Capital Project Management

Presenter: John Leet, Director of Strategic Accounts

This session provides an informative overview of how various government agencies are using web-based project management systems to improve efficiencies across the project life cycle – from initial funding authorizations through project execution and operation.

T25 - Section 106 - Requirements of the National Historic Preservation Act

Presenters: Russell Holter, DAHP
(Repeat Session)

Professionals with projects funded or permitted by a Federal agency that have the potential to affect historic properties should take this class either for orientation or as a refresher.

T26 - "Vulnerability Assessment & Emergency Response Plan Tools"
Presenters: Kitty Weisman

Session will talk about tools available to communities to complete a vulnerability assessment and emergency response plan.

Programs At A Glance

Program Sessions
Wednesday, November 9, 2005
1:00 pm - 4:40 pm

1:00-2:00 P1 Public Works Trust Fund (PWTF)	P2 State Bond Cap Program (Two Hour Session)	P3 USDA RD Cooperative & Value Added Programs	P4 Growth Management Services	P5 WSDOT - Bicycle Pedestrian Programs	P6 Dealing with Contaminated Sites in Your Community
2:20 - 3:20 P7 Drinking Water State Revolving Fund (DWSRF)		P8 USDA RD Telecommunications: Distance Learning, Telemedicine, Broadband	P9 Infrastructure Funding in Indian Country	P10 WSDOT - Small City Technical Services	P11 Mobility and Security Technologies in Public Works
3:40 - 4:40 P12 Centennial Clean Water Fund, State Revolving Fund, and STAG	P13 Grants for Outdoor Recreation, Habitat Conservation, Salmon Recovery and Farmland Preservation	P14 USDA RD Energy Programs	P15 Update on Water Reuse	P16 WSDOT - Federal and State Transportation Programs	P17 Preservation Planning: Bringing Predictability to Development Process

Program Sessions
Thursday, November 10, 2005
8:00 am - 11:40 pm

8:00 - 9:00 P18 Community Development Block Grant (CDBG)	P19 CERB Rural & Traditional Program	P20 USDA RD Water and Wastewater Infrastructure Program	P21 Overview of Capital Programs	P22 State Fuel Tax Grants for Local Street Improvement Projects	
9:20 - 10:20 P23 LOCAL - Local Options Capital Asset Lending Program & the Energy Performance Contracting Program	P24 CERB New Job Development Program	P25 USDA RD Community Facilities and Preserve America Initiative	P26 Public Works Trust Fund (PWTF) (Repeat Session)	P27 Grant Funding for Municipal Airports	
10:40-11:40 P28 Community Development Block Grant (CDBG) (Repeat Session)	P29 Planning and Financing Value Added Enterprises	P30 USDA RD Water and Wastewater Infrastructure Program	P31 Drinking Water State Revolving Fund (DWSRF) (Repeat Session)	P32 Centennial Clean Water Fund, State Revolving Fund, and STAG	

Program Sessions
Wednesday, November 9, 2005, 1:00 pm - 4:40 pm -- Thursday, November 10, 2005, 8:00 am - 11:40 am

P1 - Public Works Trust Fund (PWTF)

Presenter: Leslie Hafford, PWB

We have loans available for comprehensive planning, pre-construction activities, construction projects, and emergency projects.

P2 - State Bond Cap Program (Two Hour Session)

Presenter: Yvette Lizee-Smith, CTED

Tax-exempt private activity bonds…. What are they? And how can you use them to finance capital facilities and affordable housing?

P3 - USDA RD Cooperative and Value Added Programs

Presenter: John Brugger, USDA RD

How do co-ops and financing value added proposals help your community?

P4 - Growth Management Services

Presenter: Karin Berkholtz, CTED

This session is a one-stop interactive Question-Answers-Tips on Growth Management Services grants and services, featuring the experiences of local governments implementing the Growth Management Act. Updates on legislation, technical assistance and funding programs, and priority projects.

P5 - WSDOT Bicycle & Pedestrian Programs

Presenter: Stephanie Tax, WSDOT

Questions and answers on the WSDOT Bicycle and Pedestrian Program, including types of eligible projects and status and requirements of the program.

P6 - Dealing with Contaminated Sites in your Community

Presenter: Brooks Stanfield, US EPA, Region 10

This presentation will cover the different types of brownfields technical and financial assistance available to communities with properties with sites having real or perceived contamination. Contaminated properties can present a variety of challenges to urban and rural communities alike. From human health risks to community eyesores, the impacts of brownfield properties can be far reaching and present an obstacle to communities in achieving their economic development goals. In this session, we'll review the various state and federal assistance programs available for brownfields assessment, cleanup, and redevelopment and discuss key partners in getting brownfields sites addressed. We will make sure there is time to field questions on specific sites.

P7 - Drinking Water State Revolving Fund

Presenter: Chris Gagnon, DOH

This low-interest loan program funds capital construction projects intended to improve drinking water systems and protect public health. Publicly owned (municipal) and privately owned water systems may be eligible to apply.

P8 - USDA RD Telecommunications: Distance Learning, Telemedicine, Broadband

Presenter: Wes Landen and Mike Dolezal, USDA RD

The ABC's of completing an application for Distance Learning, Telemedicine (DLT) grant funding and the community connect program.

P9 - Infrastructure Funding in Indian Country

Presenter: Jason Lovett, Indian Health Services

Program representatives from funding agencies describe their program eligibility and funding availability unique to Indian Country.

P10 - WSDOT Small City Technical Services

Presenter: Panel

Panel discussion on technical services offered by WSDOT to agencies in the areas of traffic, pavement, environmental, community visioning and training.

P11 - Mobility and Security Technologies in Public Works

Presenter: Sean Padget, RSI Inc.

Mobility and Security play a crucial role in Public Works, and technology can improve the effectiveness and efficiency of the Public Works mission. Maintaining anytime, anywhere access to data and the ability to communicate in real time are examples of what technology can offer. Right! Systems will cover these topics and give a few case studies.

Program Sessions
Wednesday, November 9, 2005, 1:00 pm - 4:40 pm -- Thursday, November 10, 2005, 8:00 am - 11:40 am

P12 - Centennial Clean Water Fund, State Revolving Fund, and STAG

Presenter: Jeff Nejedly, DOE

Find out about the Department of Ecology's Centennial Clean Water Funds and the State Revolving Funds available for financing water quality projects.

P13 - Grants for Outdoor Recreation, Habitat Conservation, Salmon Recovery & Farmland Preservation

Presenter: Marguerite Austin, IAC, and Rollie Geppert, SRFB

Overview of the competitive grants offered by the Interagency for Outdoor Recreation (IAC) and the Salmon Recovery Funding Board (SRFB) for outdoor recreation, habitat conservation and salmon recovery.

P14 - USDA RD Energy Programs

Presenter: Chris Cassidy, USDA RD

Does your community have potential for producing alternative energy?

P15 - Update on Water Reuse

Presenter: Kathy Cupps, DOE

An update on the status of reclaimed water use in Washington State highlighting benefits, costs and implementation with case studies.

P16 - WSDOT Federal and State Transportation Program

Presenter: Stephanie Tax, WSDOT

Questions and answers on the state and federal funding opportunities to local agencies.

P17 - Preservation Planning: Beginning Predictability to Development Process

Presenter: Janet Rogerson, CTED and Stephanie Kramer, DAHP

Representatives from Growth Management Services and the Department of Archaeology and Historic Preservation will define cultural resources, identify issues related to them, and explore the use of preservation planning and SEPA processes to provide for their protection and bring predictability to the development process.

P18 - Community Development Block Grant (CDBG)

Presenter: Dan Riebli, CTED

Overview of the various Community Development Block Grant (CDBG) funding options and which communities can apply.

P19 - Community Economic Revitalization Board (CERB) Rural and Traditional Program

Presenter: Kate Rothschild, CERB

An ongoing, primarily loan program, that provides timely decisions by the state Community Economic Revitalization Board (CERB) to foster manufacturing sector business development and the creation and retention of jobs through investment in economic development driven public infrastructure.

P20 - USDA RD Water and Wastewater Infrastructure Program

Presenter: Jim Wehrer and Steve Troendle, USDA RD

How to get a project funded through USDA and partners.

P21 - Overview of Capital Programs

Presenter: Dan Aarthun, CTED

CTED's Capital Programs offer matching grants for construction projects by non-profit organizations.

P22 - State Fuel Tax Grants for Local Street Improvement Projects

Presenter: Bob Moorhead, TIB

Learn the latest details about the Transportation Improvement Board (TIB) state fuel tax grants to cities and counties.

P23 - LOCAL - Local Option Capital Asset Lending Program and the Energy Performance Contracting Program Presenter: Clint Lougheed, General Administration, and Sue Melvin, State Treasurer	Representatives from the Office of the State Treasurer, and the State General Administration Energy Program will provide information on the Local Option Capital Asset Lending program (LO-CAL) and the Energy Performance Contracting Program.
P24 - Community Economic Revitalization Board (CERB) New Job Development Program Presenter: Kate Rothschild, CERB	A six-year program requiring project approval by the Legislature that provides matching grants for public infrastructure projects that will stimulate job creation or assist in job retention.
P25 - USDA RD Community Facilities and Preserve America Initiative Presenter: Debbie Harper and Geri Horvath USDA RD	Program information to finance health care facilities, assisted living, and other facilities to keep your community viable, and an explanation of the benefits of being designated a preserve America community.
P26 - Public Works Trust Fund (Repeat Session) Presenter: Leslie Hafford, PWB	We have loans available for comprehensive planning, pre-construction activities, construction projects, and emergency projects.
P27 - WSDOT Grant Funding for Municipal Airports Presenter: Stan Allison, WSDOT	Requirements and procedures for obtaining both state and federal grant funds for municipally owned, public use airports in Washington.
P28 - Community Development Block Grant (CDBG) (Repeat Session) Presenter: Dan Riebli, CTED	Overview of the various CDBG funding options and which communities can apply.
P29 - Planning and Financing Value Added Enterprises Presenter: John Brugger, USDA RD	Value-added agricultural businesses create and retain jobs, provide economic alternatives, and build communities.
P30 - USDA RD Water and Wastewater Infrastructure Program Presenter: Jim Wehrer and Steve Troendle, USDA RD	How to get a project funded through USDA and partners.
P31 - Drinking Water State Revolving Fund (DWSRF) (Repeat Session) Presenter: Chris Gagnon, DOH	This low-interest loan program funds capital construction projects intended to improve drinking water systems and protect public health. Publicly owned (municipal) and privately owned water systems may be eligible to apply.
P32 - Centennial Clean Water Fund, State Revolving Fund, and STAG Presenter: Jeff Nejedly, DOE	Find out about the Department of Ecology's Centennial Clean Water Funds and the State Revolving Funds available for financing water quality projects.

Funding and Permit Assistance Tech Teams

A panel of staff from a variety of federal and state programs will join you to discuss an infrastructure problem that your community is facing. Their job is to help you frame the problem clearly, explore possible solutions, identify key regulatory planning and financing programs that should be involved, and answer as many questions as possible. This year we will also have staff available from the Office of Regulatory Assistance to help with any permitting questions you may have. The sessions generally take 90 minutes. They are intense, action oriented, and enlightening.

To request a Tech Team, fill out this form and mail along with your Registration. Requests will be considered on a first come, first serve basis. Due to the high demand, limited time slots, and limited program staff availability, communities that have not had a Tech Team at recent IACC Conferences will have priority for selection. Requests must be received no later than October 14, 2005.
